25X1

1. Germans employed in the barracks installations in Rathenow stated that on 27 April 1951, after the departure of units for Altengrabow (M 53/Z 00), the Infanterie Kaserne quartered 30 officers and 400 EM, the Pionier Kaserne 450 LM and an undetermined number of officers, and the Kraftfahrer Kaserne 70 to 80 officers and 600 EM, including about 300 recruits.

2. On 26 April 1951, three tank cars with gasoline arrived at the northern railroad station of Rathenow. The gasoline in one of the cars was pumped through a pipe line to the fuel dump northeast of the railroad station, while the gasoline in the two other cars was transferred to tank trucks which drove to the Pionier Kaserne. \*
